Are you tired of overflowing containers of returnable bottles and cans cluttering your business? Do you regret the time spent collecting and transporting them to the redemption center, or worse, discarding them in the trash? Please consider allowing Onondaga Earth Corps to take on this task for you. We will collect your returnables on a regular basis, keeping them out of the waste stream, and convert them into support of Onondaga Earth Corps in your company's name. OEC will provide receptacles and clear plastic bags.

Your contribution will be acknowledged on our website and through social media posts. Your company will also gain a mention in Onondaga Earth Corp's annual publication "Earth Corps Encore".

All proceeds benefit *Onondaga Earth Corps*, a **501(c).3** not-for-profit organization based in Syracuse whose mission is to empower young people to be active participants in creating positive change for themselves, their communities and their environment.

Onondaga Earth Corps:

- Helps youth understand the relationship between people and the urban ecosystem
- Engages youth in hands on community and environmental service learning projects
- Trains youth for future jobs and careers in environmental fields
- Empowers youth to develop leadership skills that help them analyze situations, solve problems and implement strategies to improve their communities
